

## ICEBREAKER GAMES

Icebreakers can help everyone feel at ease and help get to know each other.

Here are 10 icebreakers for your Society Welcome events.

### KAHOOT QUIZZES!

We've got Kahoot Pro – it allows up to 100 players! [Kahoot Quizzes](#) are easy to use and great fun!

Email [bsusocities@brighton.ac.uk](mailto:bsusocities@brighton.ac.uk) to get the Log-ins details.

Pick a readymade quiz or create a new one themed around your society!

[Here](#) is how you can find the perfect Kahoot for your society!

To get you going we have found a couple you might enjoy trying out – [Movie Trivia](#) [General Knowledge](#)

<b>BOGLE</b>  Get some of the group to write a random letter on A4 paper (or pick a society related word and use those letters e.g. Musical Theatre – Les Misérables). Give the group 1-2 mins to think of as many words or the longest words they can from all the letters!	<b>PICTIONARY</b>  Split the group into two teams, then pick an artist for each team. Use this <a href="#">random word generator</a> to give you drawings for each game or think of some society related ones.  Have fun guessing the drawings and taking turns to draw!	<b>TWO TRUTHS AND A LIE</b>  Ask the group to write 3 things about themselves: 2 truths and 1 lie. Taking it in turns, each person presents what they have written down. The rest of the group needs to guess which is the lie, they can take a vote on this. When the lie is revealed, the person who managed to convince the most people that their lie was true wins!
<b>CHARADES</b>  Create two teams and pick one person from each team to be the silent actor, pick a word or phrase using a <a href="#">phrases generator</a> or think of things related to your society. Everyone can take turns to guess and the team with the most correct guesses wins!	<b>PASS THE WORD</b>  Get the ball rolling on this game by pretending to hold an imagery ball, then say a word (or a society related word e.g. Table Top Games Society – Dice). Next, say the name of someone and throw the imagery ball to them. It's now their turn to say a word that relates to the previous word e.g. "water", "ice" This is a great way to learn everyone's names.	<b>SCATTERGORIES</b>  Randomly choose a letter and five categories or use <a href="#">a generator</a> to help you choose categories and letters. Give everyone 1 minute to think of things related to each category that start with the assigned letter. You get a point for every category you match a word for and double points if you manage 2 words.
<b>HEADS UP!</b>  This is a short fun guessing game, simply download the <a href="#">app</a> and take it in turns to hold your phone up to your head. The group give hints (without saying the word) helping you to guess it before the timer runs out.	<b>BINGO</b>  Create your own cards with <a href="#">numbers</a> or think of things people might have done e.g. binged a whole Netflix series in a day!	<b>20 QUESTIONS</b>  Pick a place, object or person, this could be something related to the society, get everyone to ask up to 20 questions to guess what you are!
